We have established expertise in all areas from design and formulation through to production, dispatch and delivery. With our head office in Australia and regional offices in Europe and USA, we are one of only a few amenity companies in the world that can offer a truly global supply solution.

To meet the growing environmental needs of both our customers and end users, we have developed our ERP™ logo, featured on all our biodegradable products. All products carrying the ERP™ logo fully biodegrade in landfill. ERP™ packaging materials contain Eco Pure®: an organic based additive that renders any plastic material biodegradable in landfill*. By choosing products carrying our ERP™ logo, such as the Kudos Spa™ bath and body range, you are helping to reduce the impact of solid waste in landfill.
